

***Ambitious, Imaginative individual with
the drive and determination to succeed***031 4040385 /
0837888618 /**naickersash@gmail.com****Personal Profile**

I am a graduate student of biotechnology and currently attaining my Btech quality management Degree from Durban University of technology. I am currently employed as a microbiologist at Cipla Medpro/India and have an interest in biotechnology especially the fields that relate to biochemistry and microbiology. I was born in a family with strong belief in the importance of education. Being highly motivated by my parents, I always strive to be the best. In addition to my academic activities, I also give time to my community. I take part in many social activities which give me the experiences of working with many people from different backgrounds. I possess the necessary skills, experience and thrive on challenging scenarios. I am able to work under pressure, both on my own initiative and as part of a team working towards a common goal. As an individual, I have a good sense of humour, but am able to realise when a serious attitude is appropriate. My ambition is to work in an industry where I will have the opportunity to develop my already acquired skills and gain valuable experience related to the world of Biotechnology/Food technology and Quality Management. I also believe with some degree of confidence, that I can be an asset to your company and I eagerly look forward towards an interview with you.

BIOGRAPHICAL DETAILS:

Surname	Naicker
First names	Sashlin
Identity number	9107065129086
Nationality	South African
Race	Indian
Gender	Male
Dependents	None
License details	Yes – code 8
Contact numbers	0837888618 / 0314040385
Address	81 Road 701 Montford Chatsworth 4092
Languages	English / Afrikaans/ Zulu(semi fluent)
Health	Excellent
Interests	Reading; listening to music; football; socializing

Character Strengths:

- Hardworking, dependable, honest, committed & motivated
- Friendly and people orientated
- Enjoy challenges and working under pressure
- Able to meet deadlines
- Tolerate stress very well
- Learn fast & efficiently and with minimum supervision
- Excellent communication skills: verbally, physically, mentally and literally

SECONDARY EDUCATION:

Institute	Arena Park Secondary School
Highest grade passed	Matric
Subjects	Accountancy Mathematics English Afrikaans Physical science Life science
Achievement	Matriculated with degree pass

TERTIARY EDUCATION:

Institute	Durban university of technology
Modules completed	Analytical chemistry: biological Biochemistry Biodiversity and ecology Bio -processing Biotechnology industry practice Chemistry Disease and immune response Fermentation technology Food microbiology Microbial biochemistry Microbiology Microbiology: biological Analytical biochemistry Process technology and management Quantitative methods

	Sanitization safety and hygiene Quality management systems 3 Quality planning and implementation 4 Quality auditing techniques 4 Quality techniques 4 Continual quality improvement 4 Quality Research Project 4
Qualifications	National diploma: Biotechnology *Btech-Quality Management(1 Module pending) *SANS 10049:2012 (Certificate - Complete Course) Top performer award (FCS-2017)

COMPUTER FUNDAMENTALS:

- **Microsoft word & word pad**
- **Microsoft excel**
- **PowerPoint**
- **Internet explorer**
- **Email (outlook express, webmail, yahoo, hotmail, etc)**
- **Microsoft Outlook**
- **Adobe reader & Nero start smart**

EMPLOYMENT HISTORY:

Name of firm	Cipla Medpro/Cipla India
Position held	QC Senior Microbiologist/Analyst
	Key roles – amongst others: <ul style="list-style-type: none"> • ATCC culture identification and population verification • Bio-burden testing of raw materials/products • Growth promotion testing • Compressed air monitoring • Swabbing of plant equipment • Raw material and finished product microbial limits testing • Biological identification of contaminants • Method validation • Microbial analysis of purified and potable

	<p>water</p> <ul style="list-style-type: none"> • Training and development of staff according to GMP, HACCP and ISO requirements. • Out of specification and out of trend investigations • Environmental and personnel hygiene monitoring • Preparation of reagents/media/Microscopy • Preparation of pure bacterial and fungal cultures • Daily calibration of relevant equipment • Report writing • Ordering of consumables • Adherence to ISO 9001 , ISO 17025, ISO14000, ISO22000 • Establishing updating SOP's • Chemical analysis of raw materials:(familiar with HPLC) <ul style="list-style-type: none"> - Moisture - Assay - Identification - Ph - Water testing and conductivity • Supervise and schedule work for a team consisting of 4 junior Microbiologists • Internal quality audits • Risk assessments • Chemical training and sanitisation procedures
Duration	3 years

Name of firm	Food Consulting Services (Currently employed)
Position held	Quality Auditor(food/hygiene/safety)
	<p>Key roles – amongst others:</p> <ul style="list-style-type: none"> • Auditing of various quality management systems • Audit planning, implementation and reporting • Assuring conformity to ISO standards • Inspect, monitor, record report quality data for production and incoming inspection activities to assist in operations. • Aseptic microbiological sampling of various raw materials and finished products. • Prepare list of deviations for corrective action and verify corrections as per established company standards. • Enhance quality across organization and provide stable performance to customers. • Training and development of staff according to GMP, HACCP and ISO requirements. • Out of specification and out of trend investigations • Environmental and personnel hygiene monitoring • Calibration checks of relevant equipment • Report writing • Adherence to ISO 9001 , ISO 17025, ISO14000, ISO22000,R962
Duration	2 Years
